Blood Donors Are Urgently Needed On Thurs., Oct. 6

Thursday, October 6, the Red Cross Blood Donor Clinic will be held in Didsbury and registered donors are being notified by card when to appear at the Evangelical church, where the clinic will be held in the basement.

The clinic will open at 1:30 p.m. and it is hoped that at least 150 local people will be on hand to donate some of their blood for a worthy cause.

If you have received your card, it is very important that you keep the appointment. If for any reason you are late, be sure to come anyway.

No special diet is necessary and the maximum of 13 ounces of blood taken is not injurious to any donor. Qualified doctors and nurses will be present to assure donors that their health interests are of first consideration.

Your blood donation is urgently needed if the local hospital, along with other medical institutions in Alberta, is to be supplied with blood plasma for emergency transfusions, whereby countless lives have been saved in the past, and others will be saved in the future.

The Didsbury hospital has been supplied with blood plasma on several occasions during the past few months and some of our town and district citizens owe their lives to this wonderful addition to our hospital services.

You may be the next to require an emergency blood transfusion. If the right type of blood is available when this time comes (your own blood for instance) your life may be spared. One way to be sure that the right type of blood is available is to keep your appointment on Thursday, October 6, and willingly make your contribution to the blood bank while you are enjoying good health.

Mr. Art Heiber is in charge of the registration of donors and if you have not already signed the form to pledge a blood donation, you are urged to do so immediately.

George Summers Dies in Calgary

George Summers, 80, of 210 9a St. N.E., Calgary, died Tuesday, September 20 in the General hospital.

Mr. Summers was born at Murton, Durham, England, and came to Calgary in 1913. He was insurance agent for Credit Life Insurance Co. for 20 years, retiring in 1938. He was a member of St. Barnabas Anglican church.

Surviving are his wife, Mary; three sons, John, Chicago; William and Sidney, Didsbury; a daughter, Mrs. C.E. Bolton, Hamilton, Ontario; five grandchildren; a brother and a sister in England.

Rev. J.E. Birchall conducted services in St. Barnabas church Friday, September 23, at 1:30 p.m. burial followed in the Union cemetery with Jacques Funeral Home in charge.

Some repair work has been done to the wicket at the local post office, greatly improving the appearance.

SUCH WAS LIFE

Didsbury was not without honor in the years of 1902, 1903 and 1904. The town and district organized a soccer team and played in the league with towns from Calgary to Red Deer. When the finals were played the Didsbury boys were champions of Alberta.

The team was made up of Alf Studer, Harry Solih, Ben Rosenberger, Bert Chatham, Doug Ramsey, Chick Bricker, Norman Boehmer, Mr. Pengilly and Norman Steckle.

In the league competition of who could send the ball farthest into the field in a single kick, the honor was brought to Didsbury by Norman Boehmer.

There are only two of the boys of this soccer team now residing in Didsbury. They are Alf Studer and Harry Solih.

The question was often asked at the time: "Where is Didsbury?" However, the boys put the town on the map—what there was of it.

PIONEER CITIZEN

SCHOOL TRUSTEES CONVENTION IN DIDSBURY, WED., SEPT. 28

The trustees of all school boards in the Old School Division will convene at Didsbury on Wednesday, September 28, and it is expected that representatives will be present from nearly all the local school boards in the Division. Representatives will also be present from the Department of Education and from the Alberta School Trustees Association.

Registration will be at 9 a.m. in the Lions hall where the convention is being held. Following registration addresses will be given by prominent officials of the various boards present, and a full discussion is expected on most school problems. New school facilities at Didsbury will be among the problems discussed.

Bancroft W.I. Will Discuss Community Swimming Pool

The September meeting of Bancroft W.I. was held at the home of Mrs. D. Chapel with ten members and two visitors present. The meeting opened by singing, and the Creed was repeated. Roll call was a tea table for the hall and six were brought.

During the business session it was decided to send ten dollars to the Acme Hall.

It was moved by Mrs. Fisher and seconded by Mrs. McCulloch that a general meeting be held at the Bancroft school on October 19. A short film will be shown and following this there will be a discussion of plans for the construction of a swimming pool or skating rink at Midway Community Centre. Anyone interested is invited. Local ladies will serve lunch.

A letter from Mrs. Hoesgood was read and discussed and it was decided to raise a share of the money for a hospital stretcher.

A show will be held October 5 at Bancroft school.

The school board is to be asked to provide paper towels for the school.

Mrs. Jim McCulloch read the paper on "flowering bulbs." She also organized the bit of fun which was trying to scoop cotton balls onto a plate with a spoon while blindfolded. This aroused great merriment, especially when the cotton balls were taken away after the blind folds were on and the participants were scooping at the air.

The draw was won by Mrs. H. Press.

God Save the King was sung and a delicious lunch served by the hostess.

Didsbury School Taxed to Capacity

With an attendance of 311 pupils at Didsbury schools this year, including 37 beginners in Grade I, most of the classrooms are overcrowded and a serious situation is likely to occur before another year rolls around.

Two new rooms were added this year by moving in two country schools to town, but with the attendance increased from 298 in 1948 to 311 in 1949 the present facilities still seem to be inadequate.

At the present time Grade IX has a maximum number of pupils and Grade X has nine more pupils than the maximum. These two grades are increasing in attendance yearly due to the number of country pupils leaving the one-room schools for higher education. While all pupils in grades XI and XII can be accommodated at present, these grades, too, will be overcrowded in the next two years as the pupils of grades IX and X advance to higher studies.

With the increase in attendance this year the hot lunches served at noon during the winter months are expected to increase from 130 last winter to at least 150, and there is not the space to accommodate this number. Then, too, the larger number of pupils cannot be accommodated in the basements during recess and pre-class periods in the colder weather.

Just what is to be done is a problem for the local Board of Trustees of the Division, who make their orders from the taxpayers.

The question is one of the many to be discussed at the trustees' convention being held in Didsbury this afternoon.

Initiation Week At High School

The Didsbury High School is initiating its new students this week and as a beginning all Freshmen are wearing large name cards and showing proper respect for their seniors. The newcomers are kept busy carrying books, opening doors and bowing to all their fellow students.

Yet this is nothing. Just watch main street Friday afternoon. It is rumored that you will see something to take your mind off the current problem caused by the waterworks construction. The High School will be out in full force to "welcome" its new students.

LIONS CLUB RAISES \$692.88 THIS SUMMER FOR MEMORIAL ARENA

The Didsbury Lions Club summer activities have shown a profit this summer and from three events, the Jamboree, the Jamboree baseball final, and the donkey softball the net proceeds amounted to \$692.88, which has been turned over to the Arena Board of Management.

The statement submitted by the secretary of the Lions Club shows: Jamboree — \$1433.17 Jamboree Baseball Collection 66.22 Donkey Softball 148.01

Total — \$1647.38 EXPENSES — Jamboree Expenses \$ 951.50 Total Net Proceeds \$ 692.88

Funeral Services for Fred Sanderman Held September 20

Funeral services for Frederick William Sanderman, 63, former resident of Three Hills who died in the Didsbury hospital on Tuesday, September 20, were held from the Didsbury United Church Thursday at 3 p.m., with Rev. J.W. Bainbridge officiating.

Bailbearers were six nephews, Louis, Herman, Vernon, Mervyn and Donald Wolan, and Leonard Sanderman.

Burial followed in the Didsbury cemetery with Didsbury Funeral Home in charge of arrangements.

The late Frederick Sanderman was born in Schaller, Iowa, and came to Didsbury in 1906. A year later he moved to the Three Hills district where he resided until returning to Didsbury last November.

Surviving are a sister, Mrs. V.L. Wolan, Didsbury; five brothers, Carl of Mesa, Arizona; Elmer of Storm Leg, Iowa; Theodore of Oilds; Lee of Calgary, and William of Three Hills.

The sympathy of the country is extended to the bereaved family.

Laying of water and sewer mains in town is still proceeding satisfactorily and excavation has been completed for the reservoir at the butte. Fine weather has been a big help to the contractors and it is hoped that the Indian Summer will continue for another month.

A skilled craftsman despite his lack of sight, one man keeps on making things in his workshop. He is shown with a Placement Officer for the Canadian National Institute for the Blind whose job is to seek out new opportunities for employment of blind people in outside industry, and then find the right man for the job. You can help constructively in this worthwhile work of changing the lot of the blind man

The Lucy Trio, internationally known for their unique rendering and interpretation of sacred music, will be heard at the Evangelical Church in Didsbury every evening at 8 p.m. beginning Saturday, October 1 through October 9.

SOME AUNT IN DIDSBURY CAN HELP SOLVE MYSTERY

In a letter to Mrs. S.J. Gilson, secretary of St. Hilja's Chapter O.E.S., Mrs. M. Cravath Bell of Hussar, Alberta, gives the information that while dining at a roadside table west of Sarnia, Ontario, this summer with a couple from London, Ontario (whose name they did not learn) they left one of their possessions on the table. Mrs. Bell has the article and would like to find the owner.

The only information gleaned from the conversation is that the couple from London were on their way to visit an elderly aunt of the man, who resides on a farm near Didsbury.

In the hope that the aunt or other relatives of the couple from London, Ontario, may be able to give some help on the identification of the travellers, Mrs. Bell is passing on the information through the secretary of St. Hilja's O.E.S. Any information which might lead to the identification of the owners of the article would be appreciated by Mrs. Gilson.

WESTCOTT ITEMS

Mr. and Mrs. Fred Goetjen entertained at a family dinner on Sunday in honor of Mr. and Mrs. H. Goetjen Sr. and Mrs. A. Brise, who are visiting here from British Columbia. Those present included six of the eight children and their families.

Mr. and Mrs. Alex Schneider of Didsbury, and daughters Dorothy and Gladys were also present in the afternoon.

We are indeed sorry to hear that Mrs. Don Mortimer is ill with polio in Wis. U.S.A., and the good wishes of the entire district go to her for a speedy and complete recovery. Mrs. Mortimer was formerly Miss Mary Robertson.

Herbert Papke, who has been employed at the Goetjen farm, spent the weekend in Calgary taking medical treatment.

Mr. and Mrs. A. Nevada and son Victor spent Sunday in Calgary with their many friends.

Mr. and Mrs. Herbert Goetjen were Calgary visitors Monday, taking Delaney down to attend school. They visited in Calgary with Mr. and Mrs. Pete Stakenus, former Didsbury district residents.

Miss M. Siebert Host To Lone Pine W.I.

The September meeting of the Lone Pine Women's Institute was held at the home of Miss Merle Siebert. There was a small attendance of nine members and two visitors on account of the busy season, but an interesting meeting was carried on. Roll call was harvest pictures for the Junior Red Cross scrap book.

All members were in favor of contributing toward a silver cup for the Bush Baseball League for next year, this being suggested by the Bancroft W.I. Members will meet with Bancroft members at a later date to discuss the project of building a skating rink at Midway Community Centre.

October 21 was the date set for the bazaar to be held in the Lone Pine hall. All members are asked to attend the next meeting at the home of Mrs. Chris Ehret on October 12, to plan all details and hand in articles. A picture show is planned for the entertainment, and also a fish pond for the children.

A paper on "Citizenship" was given by Mrs. G. Rathburn, and a contest conducted by Mrs. Harry Richardson. Mrs. P. Schumaker won the contest by guessing the closest to the number of beans in the jar. The ten cent draw netted \$10 and Mrs. Richardson Sr. was the winner.

The meeting came to a close by singing God Save the King, and a delicious lunch was served by the hostess.

Horses Bred by W.J. Fulkert Win At Armstrong Fair

Mr. and Mrs. W.J. Fulkert have just returned from Armstrong, B.C., where they attended the annual Class B Fair.

Mr. Fulkert was proprietor of the livery stable at Armstrong in 1912, and his recent trip was the first time he had been back to visit for 33 years. Incidentally it was Mr. Fulkert's first real holiday in 43 years.

A shipper of several of his purebred Kentucky horses to the Okanagan Valley, Mr. Fulkert had the pleasure of seeing several of them win classes in strong competition. Miss Margery Utter of Calgary had four American saddle horses on exhibition and two of these were of Mr. Fulkert's breeding.

While at Armstrong Mr. and Mrs. Fulkert visited with former Didsbury residents, Mr. and Mrs. Jack Strang. They have a very nice farm with a lovely home, right near Armstrong, and they wished to be remembered to all their friends at Didsbury.

Presentation Made To Mr. Otto Bartz

On Saturday evening about 30 friends and neighbors gathered at the home of Mr. and Mrs. Fred Bartz in honor of Mr. Otto Bartz, who leaves this week to take up his new duties at Edmonton.

After a bounteous lunch served by the ladies, Mr. Ezra Dippel, in a few well-chosen words, presented Otto with a gift from those present, for which he fittingly expressed his thanks.

The good wishes of the neighborhood accompany Mr. Bartz in his new undertaking.

Nine Present at Westerdale Junior F.U.A. Meeting

The September 20 meeting of the Junior F.U.A. was held at the home of Phyllis Jackson with nine members present. The roll call was answered with "the best show you have seen lately and why." After the reading of the minutes a letter was read from Miss Irene Birch wishing the Local every success.

Date of meetings has been changed to the first Friday evening of each month, at 8 p.m. Many members were late because of thrashing operations.

Methods of raising money were suggested, and a vote was taken on a suggestion to charge ten cents for lunch. The secretary was instructed to write to the hall board for permission to use the hall, and also to write for samples of Christmas cards. A reading was given by the educational committee, Arthur Jackson and Patsy Buckley.

Date of the next meeting is October 7, and will be held at the home of Robert and Arthur Jackson. Those chosen to bring lunch were Marilyn Jackson, Patsy Buckley, Dick Pihl and Harold Krebs.

LETTER TO THE EDITOR

Disapproval Voiced On Sunday Work

Dear Editor:

What day of the week is Sunday? Well, if we were to tell by some farmers or truckers we would never know. Sunday was set aside by God for rest and as a day of worship. Not to finish that job of combining or to clean those screenings up from a thresher, or to go as far as hauling lime props right through our own town. Remember the war years when big trucks were prohibited from being on any roads on Sunday? Yes, we remember, but now it's all right to haul, not travel. I said haul big loads right down main street on Sunday. It's a shame, but main street or so main street, if you haul on Sunday, you should be ashamed of yourself.

This is not to slap any farmer's or trucker's face—this goes for all. Just remember this—we can give any fellow on a mighty good excuse, but when we stand before the Judgment Seat of Our Christ excuses will be banned, and you know the rest.

A Christian and Resident

MR. AND MRS. EZRA DIPPEL HONOR VISITING RELATIVE

Mr. and Mrs. Ezra Dippel were hosts to a large number of relatives at a dinner party on Sunday, September 18, the guest of honor being Mr. Frank Pittsworth who arrived previously from Douglas, Kansas by plane. Mr. Frank Pittsworth is a brother of John Pittsworth and Mrs. Jesse Tuggle. Other guests present were Mr. and Mrs. Jesse Tuggle, Mr. John Pittsworth, Mr. and Mrs. Jay Tuggle and family, Mr. and Mrs. Wilfred Owens and family, Mr. and Mrs. Clifford Ekstrand and family. The afternoon was spent in playing ball, games, and chatting.

BOARD OF TRADE TO MEET TUES., OCTOBER 4

The next meeting of the Didsbury and District Board of Trade has been called for Tuesday, October 4th, at 8:00 p.m., and a good attendance is requested by the president, Vic Selacy.

Among other important matters to be discussed is plans for a shopping carnival in Didsbury this fall and the report on the Associated Alberta Boards of Trade Annual Meeting held at Red Deer in June.

AGRICULTURAL SERVICE
BOARD WEEKLY NOTES

W.K. Snyder, Field Supervisor:
Weed Flavors in Milk and Cream
Stubble fields are providing a considerable amount of good pasture this fall as a result of late rains and second growth. There is, however, danger of tainted milk and cream due to weeds if the cows are consuming green plants of stink weed or other strong flavoured weeds. Cows should be removed from the field at least two hours before milking. Weed seeds and screenings from threshing separator settings should be removed from fields used for pasture before livestock are allowed in the field.

By the senses of taste and smell, weed tainted milk can be detected at the time of milking. This milk can then be fed to the livestock on the farm and the loss avoided that would occur if such milk were mixed with untainted milk from other cows. The cream from each separation should be checked before adding to shipping cans. Often the cream from the

night milkings will be tainted, and if this is marketed in a separate can, good grades can be secured on the remainder of the cream.

The Saskatchewan government will guarantee bank loans required by rural municipalities to supply seed grain to southwestern Saskatchewan farmers who are unable to obtain seed for 1950 from their own resources.

Butter stocks in Canada on September 1 totalled 66,510,000 pounds.

CARD OF THANKS

We wish to thank our many friends and relatives for their visits, cards and flowers sent during our recent bereavement. Also Dr. Paul and especially the hospital staff for the kindness shown our brother and ourselves during his stay in hospital. It was greatly appreciated.

Mr. and Mrs. V. L. Wollen, Mr. and Mrs. Carl Elmer, Ted, Lee and Will Senderman, and families.

New Medical Journal
On Heart Disease

Renewed hope for the multitude of desperate victims of heart-disease, which was seen last week in news of a rapid succession of research developments in foremost medical centres of Great Britain and the United States, each supporting or confirming the vitamin E findings and claims of scientists of the Shute Foundation, was supplemented this week by publication of a new scientific journal, the Seminar, to inform the medical profession of the latest observations in vitamin E research at the Shute Institute, London Ontario.

The major medical presentation in Canada's newest scientific publication also carries encouragement for those who are stricken with heart-disease. It is a two-part article on Coronary Heart disease, by Dr. Wilfrid E. Shute, Chief Cardiologist of the Shute Institute. It cites 25 ex-patients of leading Canadian heart specialists as evidence of the value of vitamin E. Each one of these heart disease patients abandoned the old, classical method of treatment in desperation and found relief and improvement, often on a spectacular change, through the Shute vitamin E therapy. Most of them appeared before a medical meeting to confirm their improvement in person.

An anonymous donor to the Shute Foundation made the new Shute publication possible. The donor states that such a journal was a natural necessity of a permanently established institution whose scientists were following the only research lead which is aimed at control of the No. 1 killer of our times. The Shute Foundation is practically alone in fighting heart-disease in Canada.

The journal is also established as a permanent tribute to the brilliance of the research leader, Dr. Evan Shute, whose record of 60 scientific papers published in the great medical journals, with 23 original observations confirmed by other scientists, has never been matched by any other Canadian scientist.

The introductory issue of Canada's fourth nationally distributed medical journal is a 44-page publication containing graphic colored illustrations to demonstrate improvement through vitamin E in Burger's Disease, phlebitis, indolent ulcers and other circulatory disease. And for the first time in medical history, electrocardiograms are reproduced to show the accuracy of the coronary diagnosis and the steady improvement achieved in heart disease cases at the Shute Institute.

Included also are five other scientific articles giving the latest observations from the Shute vitamin E research program, and an editorial by Dr. Evan V. Shute, M.A., M.B., F.R.C.S.C. giving doctors warnings and requirements in dosage.

The Shute vitamin E investigation proceeding at London now covers more than 6,000 heart patients, exclusive of vascular disease cases, and recent developments include new observations and proof how vitamin E dilates capillaries, resolves thrombs, and answers the demand for oxygen for tissues.

Reprinted in "The Seminar" is a strong editorial review of vitamin E research from British Lancet, in which "Evan Shute of Canada" is extolled for "keeping alive faith in vitamin E medication", and also recent Shute research papers which originally appeared in the two most eminent of American medical journals: "The Annals of Internal Medicine" (official organ of the American College of Physicians) and "Surgery, Gynaecology and Obstetrics" (official organ of the U.S. College of Surgeons). These have not been read by Canadian doctors unless they subscribe to these scientific journals is the official Canadian medical journal has refused to publish the Shute work.

The first editorial in the Seminar reviews the astonishing list of

medical scientists who were scorned, insulted and thwarted by members of their own profession though they often held the key to an immeasurable gift to mankind. The new journal will be maintained on a strict scientific level, and direct reference is not otherwise made to the subsiding medical controversy about vitamin E.

Though the "Seminar" can only be distributed to the hospital staffs, medical schools, research clinics, medical libraries, and to the private practitioners now using vitamin E, of which there are said to be 3,000 or more in Canada alone, any physician desiring a copy may obtain one at request, and without cost. Copies have also been sent to the libraries of Canadian newspapers.

There will be further dissemination of information to the doctors through the drug companies, as they can obtain reprints of individual articles appearing in the "Seminar" at cost.

PREDATORS OF THE LAKE

Owls and Hawks

SUMMER FRIENDS— FALL AND WINTER FOES

When you see a hawk or owl perched around the farm these days you can be sure that gophers, mice and other rodents on your farm are in for trouble. During spring and summer these winged hunters account for great numbers of grain and produce eating rodents. Owls and hawks should not be molested or killed during these seasons.

As soon as the rodents hibernate, however, reach for your gun when you see a hawk or owl lurking around. Ten chances to one it is desperately hungry and waiting to pounce on domestic fowl or turkeys. Keep an eye open for these marauders in the late Fall and Winter and shoot to kill if you get one in your sights.

Inserted to the interest of livestock and game conservation by...

Be Proud Of Your Business

Modern advertising is a necessity to hold and build business. Be proud of your business, of the goods you have to sell, of the services you have to offer in your particular line. Show the progressive spirit and the desire to serve by advertising. Do not hide your light under a bushel—proclaim far and wide who you are and what you have to sell and where your place of business is, for public memory is short, and advertising is a powerful aid to all types of businesses. Moreover, people as a general rule shop where they are invited.
